Calgary, Alberta T2R 0A8

Attention: Ramona Sladic, Secretary of the Commission

Dear Ramona Sladic:

Re: South Bow GP (Canada) Ltd. (South Bow), as general partner on behalf of South Bow (Canada) Limited Partnership Filing of CER Tariff No. 80 (Toll Schedule)

Pursuant to Section 229(1)(a) of the Canadian Energy Regulator Act, South Bow files the enclosed international joint rate tariff, CER Tariff No. 80, to be effective on April 1, 2026.

South Bow, and in agreement with, South Bow (USA) LP, by its general partner, South Bow GP (USA), LLC are filing to increase its international joint uncommitted rates from Hardisty, Alberta, Canada to Port Arthur and Houston, Texas, United States.

The International Joint Tariff (IJT) rates set forth in CER No. 80 remain less than the sum of the local tariff rates for the component movements on Keystone Pipeline System and the Keystone U.S. Pipeline System. As evidenced in Appendix A the proposed IJT rates would result in a discount to the sum of the local tariff rates. The proposed IJT does not affect any other posted rate, toll or charge payable in accordance with local tariffs.

The tariffs for the local rates in the United States are filed with the Federal Energy Regulatory Commission, which performs a similar regulatory role as that of the Canada Energy Regulator to ensure the local tariff rates are just and reasonable. This IJT has been filed with the Federal Energy Regulatory Commission in the United States as FERC No. 7.41.0.

South Bow provides notice of this filing to Keystone Pipeline System shippers and interested parties. Should the Commission require additional information regarding this filing, please contact me by email at raylene.riddell@southbow.com.

Yours truly,

South Bow GP (Canada) Ltd.
