Canada Energy Regulator
Suite 210, 517 Tenth Avenue SW
Calgary, Alberta T2R 0A8

Attention: Ramona Sladic, Secretary of the Commission

Dear Ramona Sladic:

Re: South Bow GP (Canada) Ltd. (South Bow), as general partner on behalf of South Bow (Canada) Limited Partnership Filing of Liquids Pipeline CER Tariff No. 84 (Toll Schedule)

Pursuant to Section 229(1)(a) of the Canadian Energy Regulator Act, South Bow files the enclosed international joint rate tariff (IJT), CER Tariff No. 84, to be effective on September 1, 2026.

South Bow, and in agreement with, South Bow (USA) LP, by its general partner, South Bow GP (USA), LLC is filing to offer joint international service from Hardisty, Alberta, Canada to Wood River and Patoka, Illinois, and Cushing, Oklahoma in the United States (U.S.). The IJT will provide a competitive and transparent toll to further attract uncommitted volumes.

The IJT rates set forth in CER Tariff No. 84 are less than the sum of the local tariff rates. As evidenced in Appendix A, the proposed IJT rates would result in a discount to the sum of the local tariff rates. The proposed IJT does not affect any other posted rate, toll or charge payable in accordance with local tariffs. The tariffs for the local rates in the U.S. are filed with the Federal Energy Regulatory Commission, which performs a similar regulatory role as that of the Commission to ensure the local tariff rates are just and reasonable.

This tariff is also filed concurrently with the Federal Energy Regulatory Commission in the United States as FERC No. 7.44.0.

South Bow provides notice of this filing to shippers and interested parties.

Should the Commission require additional information regarding this filing, please contact me by email at raylene.riddell@southbow.com.

Yours truly,

South Bow GP (Canada) Ltd.
